

Indiana Department of Education  
SUPPORTING STUDENT SUCCESS

## MEMORANDUM

**TO:** Superintendents: Please forward to all art teachers, principals, and curriculum directors

**FROM:** Sarah Fronczek, Fine Arts Specialist

**DATE:** May 16, 2008

**SUBJECT:** Public review period for 2008 revision of Indiana's Academic Standards for Visual Art

The proposed revision of Indiana's Academic Standards for Visual Art has been posted for public comment from now until June 30 on the Indiana Department of Education website. It can be found under Hot Topics on the homepage at <http://www.doe.in.gov/>, or the document and evaluation page can be directly accessed at <http://mustang.doe.state.in.us/dg/standards/Eval-VisualArts-Intro.cfm>.

The committee developing the standards revision values the perspectives of K-12 art educators, administrators, students, and parents throughout the state in determining any final adjustments to this document before it is presented to the State Board of Education for their approval.

I hope you will share your opinions and will also encourage others to respond as the revision process moves forward.
